RE: File #2004-00718

Dear Mr. Bourdeau:

On October 20, 2005, received the final Mitigation Monitoring Report from your consultant regarding the above referenced property, more specifically referenced on Town of Milton Tax Map 47 as Lot 15-1 (the "Property").

Following review of this final report, it was determined that the deficiencies described in the Letter of Deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, the upland tidal buffer zone, the bank, flat, sand dune, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions, please contact the Wetlands Bureau at (603) 271-2147.

Sincerely,

Tracey Boisvert
